EV Infrastructure
Conference and Exhibition 2025

April 29 - 30, 2025 | Houston, TX, USA

Discover latest solutions and emerging trends in the industries!

ABOUT CONFERENCE

The EV Charging Infrastructure Conference & Exhibition 2025 is set to be a groundbreaking event for visionaries & key players in the electric vehicle (EV) ecosystem. This forward-thinking conference will dive deep into the latest innovations shaping the future of EV infrastructure, from cutting-edge wireless EV charging technologies that redefine convenience to scalable strategies for expanding charging networks across urban & rural landscapes. Participants will gain unparalleled insights into how cities are pioneering EV-friendly initiatives & the transformative impact of consumer incentives & policies that are accelerating EV adoption & infrastructure development.

In addition to these core discussions, the event will spotlight the evolution of smart grids & EV-ready grid systems, crucial for supporting the rapid growth of electric vehicles. Experts will explore how integrating smart grid technology with EV charging can enhance grid stability, optimize energy use, & ensure that infrastructure is resilient & future-proof. The conference will also serve as a hub for exploring the next wave of smart & efficient EV charging ports, alongside an in-depth evaluation of current & upcoming policies that will guide the future of network development.

Attendees will hear directly from leading EV manufacturers about the infrastructure required to support the next generation of electric vehicles.

CONFERENCE PROGRAM KEY TOPICS

Innovations in Wireless EV Charging Technology

Scaling Up EV Charging Networks: Strategies for Expansion

Energy Storage Solutions for Enhanced EV Charging Efficiency

Consumer Incentives and Policies to Boost EV Adoption

Municipal Initiatives for Building EV-Friendly Cities

EV Manufacturer Perspectives on Infrastructure Needs

Exploring Next Gen of Smart & Efficient EV Charging Ports

Evaluating Current Policies & Future Plans for Network Development

Latest Research in V2X Technology & Ultra-Fast Charging for EVs

SPONSORS & PARTNERS

Platinum Sponsor

morgan + taulia

Gold Sponsor

spice | ikigai | flux''PORTS | Regrello | Streamline

Parkour sc | SCLG | morgan + taulia | NEXT | BlueBox Systems

Cleo | RIDER UNIVERSITY | GT GLOBAL

Session Sponsor

CDL | | BlueBox Systems | Cleo | BECKER | RIDER UNIVERSITY

Parkour sc | GT GLOBAL

FEATURED SPEAKER

Mac Sullivan
Head of technology & digital promotion
NNR Global Logistics USA

Erin San Cristobal
Principal Solution Engineer
Oracle

Jasinski Piotr
Global Senior Manager Digital & Supply Chain Excellence
Carlsberg Group

Meri Stevens
Worldwide Vice President Supply Chain - Consumer Health & Deliver
Johnson & Johnson

Mike Deangelis
Head of Ocean Senior Director, International Solutions
FourKites, INC

Michael Eichstedt
Lead Logistics & Transport Management
Accenture

Lars Karlson
Global Head of Trade & Customs Consulting Maersk
Maersk

Walaa Maher
Head of SC&L - Supply Chain & Logistics
RAK Ceramics

Christoph Rasewsky
Business Global Container Sector Lead
American Bureau of Shipping

Lordt Becklines
Sr Manager, Cross Border Programs, Worldwide Reverse Logistics Services
Amazon

Len Pannett
President UK - Council of Supply Chain Management Professors
UK Ministry of Defence

Vikram Idnani
President - Chief Information Officer
Landmark Group

evinfra-conference.com

Overview on attendee demographics

Read more information about conference attendees, job titles, job functions, and more.
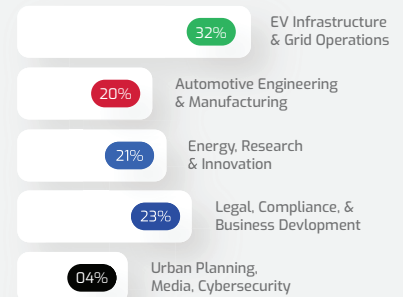

COMPANY SIZE

✓ 1-100 Employees - 26%
✓ 100-1,000 Employees - 22%
✓ 1,000-10,000 Employees - 22%
✓ 10,000+ Employees - 30%

350+ Attendees
24+ Technical Speakers
18+ Sponsors & Exhibitors
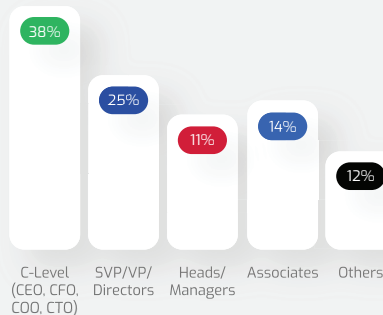

250+ Companies
35+ Countries
45+ Media Partners
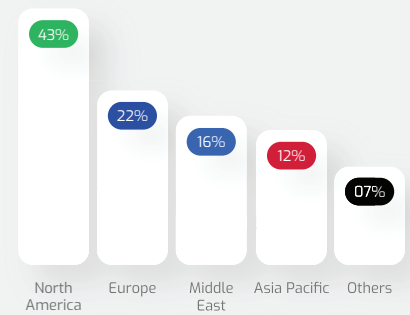

ATTENDEE JOB PROFILES (%)

- 15% Government Executive
- 25% Top Management & Leadership
- 42% Project Director, Head of Technical Dept
- 16% BD, Sales & Marketing
- 02% Leading Technical Specialist

ATTENDING COMPANIES (%)

- 32% EV Infrastructure & Grid Operations
- 20% Automotive Engineering & Manufacturing
- 21% Energy, Research & Innovation
- 23% Legal, Compliance, & Business Devlopment
- 04% Urban Planning, Media, Cybersecurity

ATTENDEE SENIORITY LEVEL (%)

- 38% C-Level (CEO, CFO, COO, CTO)
- 25% SVP/VP/ Directors
- 11% Heads/ Managers
- 14% Associates
- 12% Others

INTERNATIONAL ATTENDANCE (%)

- 43% North America
- 22% Europe
- 16% Middle East
- 12% Asia Pacific
- 07% Others

> " Thanks very much for this opportunity. I was impressed by the quality of your event. It was as well run and organized as I've ever attended. Great experience! "
>
> **Arthi Vasudevan**
> Senior Product Manager at Baker Hughes

ATTENDEE JOB FUNCTIONS

- ✓ Real estate
- ✓ Fleet operators
- ✓ Municipalities + government
- ✓ Auto Dealers
- ✓ Retailers
- ✓ Research and Development
- ✓ Sustainability and Supply Chain Leaders

- ✓ Convenience + Fuel Retailers
- ✓ EV & Automotive OEMs
- ✓ Charge Point Operators
- ✓ Energy & Utility Companies
- ✓ Charging Equipment Suppliers
- ✓ Charge Point Providers

- ✓ Legal and Compliance Services
- ✓ Town Planning Consultants
- ✓ Charging Protocol Policy Makers
- ✓ Technical Researchers
- ✓ Cybersecurity & Blockchain
- ✓ Global Climate Institutions
- ✓ Electrical Grid Constructors & Providers

AMONG REGULAR PARTICIPANTS

What can you expect?

Insightful keynotes, user case studies, technical demos, a startup competition, brainstorming sessions, open dialogue, the feel of community, and non-stop networking!

OFFICIAL AGENDA

Agenda as of 13 February, 2025 and subject to change.
Event will take place in Houston, TX, USA (GMT-5) time zone.

Day 1
Tuesday, April 29, 2025

● Sponsored Sessions   ● Booked Sessions   ● Available Sessions

---

07:30
Registration & Refreshment Networking

09:00
Future-Proofing EV Infrastructure: Scaling, Energy Efficiency, and the Role of V2X Technology in Shaping Smart Charging Networks

- Integrating Wireless Charging and V2X for Seamless Energy Flow
- Optimizing Grid Energy through Enhanced Storage Solutions
- Strategic Expansion of EV Charging Networks

Moustafa Khedr
Co-Founder, **Iconic Ascend**

ICONIC ASCEND

09:30
Available Session

10:00
CCS1, NACS and MCS , Pro Cons and whats next

- Transition to NACS
  Technical differences and challenges between CCS1, NACS and Tesla Legacy.
  PRO and Con about the shift to NACS. Challenges in retrofitting existing CCS1 chargers to NACS.
  Whats next in NACS
- Introduction to MCS
  MCS standard and its purpose. Highlight its role in supporting heavy-duty EVs, commercial fleets, and long-haul transport.
  Main challenge for the ramp up

Mariano Rigotti
CEO, **Amphenol**

Amphenol

10:30
Book and Claiming Biofuel Emission Profiles: How SME's reduce their footprint without EVs (for now).

- Defining the book and claim system defined by the Smart Freight Centre's MBM framework.
- Recognizing how much more accessible these methods are, over EVs, for SME in the short and medium term.
- Explaining the downfalls of EV charging and the need for Carbon Capture and storage.

David Sonnenschein
Vice President, SAP Sustainability Engagement, SAP New Ventures and Technology, **SAP**

SAP

NETWORKING BREAK   11:00 [30 min]

11:30
Available Session

12:00
Develop your digital strategy and start the transformation

- Key elements of a digital supply chain strategy
- Key hurdles for a good digitzation approach
- How to create your digital supply chain strategy

Torsten Becker
CEO, **BESTgroup**

BESTgroup
Consulting GmbH

12:30
Supply Chain Visibility: Keeping an eye on the big picture in logistics networks

- Supply chain visibility brings light to the darkness
- How to gain a comprehensive and consistent view of all aspects, from transportation to storage, and achieve unprecedented levels of success

Flavio Arssani
Portfolio Manager, **Siemens**

SIEMENS

13:00
Available Session

LUNCH AND NETWORKING BREAK   13:30 [1 hour]

14:30
Warehouse Automation: Distribution process improvements

- The use of Last Mile system to improve the traceability of the transportation process
- Truck loading optimization, volumetric load,
  Dispatch route optimization using AI

Andrés Riquelme
Distribution chief, **Fresenius Kabi**

FRESENIUS KABI

15:00
Innovating for Impact : Digitization of Supply Chains in Schools with IoT, AI, and ML.

- AI and ML as Catalysts for Smart Supply Chain Optimizations.
- Customer Impact and tracking visibility - Hundreds of School Districts, Millions of School going children everyday, and their Parents.
- Optimizing supply chain routing and reducing costs by leveraging Machine Learning.

Aditya Kumar Sharma
Senior Operations Manager, **Zum Services Inc.**

Zūm

15:30
Scaling Next-Gen EV Infrastructure: Venture Capital Insights, Global Case Studies, and Cross-Border Collaboration

- Wireless Charging Breakthroughs: Lessons from portfolio companies (e.g., EnjoyElec, TMH) and global innovators like Electreon.
- Scaling Networks with China's Playbook: Operational strategies from China's rapid charging infrastructure expansion.
- V2X & Ultra-Fast Charging: Bridging U.S. and Chinese R&D in bidirectional charging and 800V architecture

Lei QI
Co-Founder & Investor, **Renault-Nissan-Mitsubishi**

RENAULT NISSAN MITSUBISHI

16:00
Enhancing the EV Infrastructure Reliability and User Experience by applying proven Sensor Technologies

- Global electrification goals depend on reliable, functional charging infrastructure to ensure positive EV adoption experiences.
- Automation technology offers cost-effective solutions, improving reliability in EV charging infrastructure through decades of innovation.
- Retrofit solutions with sensors and IoT enhance charging systems quickly, improving infrastructure without redesigning.

Helge Hornis
Mgr. Intelligent Systems Group, **pepperl-fuchs**

PEPPERL+FUCHS

END OF DAY 1

OFFICIAL AGENDA

Agenda as of 13 February, 2025 and subject to change.
Event will take place in Houston, TX, USA (GMT-5) time zone.

Day 2
Wednesday, April 30, 2025

● Sponsored Sessions ● Booked Sessions ● Available Sessions

07:30
Registration & Refreshment Networking

09:00

Leveraging Data and AI for Enhanced EV Infrastructure.

- Introduction to EV, Role of Data in EV
- Impact of AI on EV, Analytics for Transparent EV
- Future Trends in EV

Soumit Roy
Associate Director, Data Analytics and AI, **Jade Global Inc**

JADE GLOBAL

09:30

EV Inventory Management Power by AI

- Bird's Eye View of AIML and Gen AI, Real World Case Study AI for EV - Inventory Management
- Inventory Management Overview, Dilemmas, Concerns, Consideration for AI-Fication of Business Operations
- Applied AI for EV

Mainak Mitra
Analytics,AIML, Data leader, **Conviva**

CONVIVA

10:00
Available Session

10:30
Available Session

NETWORKING BREAK   11:00 [30 min]

11:30

Tech-Powered Turnaround: From Planning to Inventory Management to Sourcing, How Segra Revolutionized Its EVand Saved Millions

- Identifying pain points is a pivotal first step toward progress. Explore areas hindering Segra's success, including a need for a planning strategy.
- Next, learn how Segra conducted an end-to-end EV to develop a core set of recommendations, serving as a roadmap for transforming multiple areas.
- Discover the keys to digital transformation success. Get an insider's look at how Segra seamlessly modernized its EV operations in under a year.

Cyndi Scallion
Vice President of Supply Chain and Facilities Management , **Segra**

SEGRA

12:00

Living on the Edge: How Edge AI will usher in a new era in supply chain visibility

- ABSTRACT Over the coming years, smart sensors embedded with the latest advancements in AI technologies will enable companies to extend their digital initiatives to cover supply chain visibility applications and use-cases that have proven to be elusive using existing system architectures.
- A connected fleet operation is critical to the future of supply chain visibility – where real-time operational data is captured and analyzed to maximize uptime and identify opportunities to eliminate inefficiencies. The key to realizing this vision is through a complete integration of vehicle telematics.

Karthik Rau
CEO, **Senzit, Inc**

senzit
Operate Intelligently

12:30
Available Session

13:00
Available Session

LUNCH AND NETWORKING BREAK   13:30 [1 hour]

14:30

Powering the EV Transition: The Impact of Fast Charging Infrastructure on Electric Vehicle Adoption

- The critical role of fast charging infrastructure in the widespread adoption of electric vehicles (EVs).
- As sustainable transportation grows, challenges include high-speed EV charging, renewable integration, and infrastructure investment.
- The technical challenges, such as grid capacity and interoperability will be examined and insights into future trends and innovations that could shape the next generation of EV charging solutions will be provided.

VINOD DHANRAJ
Program Manager R&D, **SIEMENS**

SIEMENS

15:00
Available Session

15:30

The role of technology in optimizing EV charging infrastructure

- How emerging tech such as AI and IOT can help in optimizing EV charging infrastructure
- How these tech can improve grid integration, enhance user experience and optimize operations.
- With Tata Technologies experience and expertise how we can contribute to the ecosystem and bring benefits to the EV charging infrastructure industry.

Saket Singhal
Associate VP, **TATA Technologies**

TATA TECHNOLOGIES

16:00
Available Session

END OF DAY 2

Want to become a speaker?

Get in touch with us for more information on Speaking opportunities!

Production Team

Misbah Shaikh
misbah.shaikh@ptnevents.com

Noah Scott
noah.scott@ptnevents.com

PTN Events Team
info@ptnevents.com

Speaking Session

30 minutes session includes 10 min Q&A's

Live sessions in-front of delegates

Certificate of Appreciation

20 min for talk + 10 min for Q&A's

USD $1299

Panel Discussion

1 hour session for 5 speakers

Live panel discussion in-front of delegates

Certificate of Appreciation

Discussion between panelists only

USD $1699

Please note that Speaker package is available only after the topic approval by the Production team.

Want to book delegate ticket?

Below are the various options for delegate participation.

Super Early Bird
SOLD OUT
USD $799

Early Bird
Window closing on March 05, 2025
USD $899

Regular Pass
Window closing on April 29, 2025
USD $999

Ticket includes ✨

- Watch any talk live during the conference days
- Certificate of participation
- Q&A discussions
- Full access to all conference stages and the exhibitions
- Online access to selected post-conference materials
- Networking opportunities on the Exhibition Floor
- Access to all networking activities
- End of Day 1 networking drinks reception

GROUP DISCOUNTS

10%	15%	20%
GROUP OF 2	GROUP OF 3	GROUP OF 5

Get in touch with us on info@ptnevents.com to avail group discounts on your purchases.

Want to become a sponsor or exhibitor?

Get in touch with us for more information on Sponsorship opportunities!

Sponsorship & Media Team

Chris Lee
chris.lee@ptnevents.com

Sarah Jones
sarah.jones@ptnevents.com

Benefits include ✨

- Acquire valuable sales leads and customer feedback
- Deliver presentation in front hundreds of decision makers
- Network with leaders, grow your business at this event
- Share your company's expertise with a targeted group of experts
- Showcase advanced technologies, valuable services & unique expertise
- Personally interact with potential and current customers
- Fastest & most cost-effective platform to meet buyers
- Identifying new potential customers, suppliers and partners

" Many thanks to you the incredible team for organizing the event. Watching for 2 days was very insightful and your team efforts to organize everyone from around created the success. *"*

EXHIBITION FLOOR PLAN

Presentation Room w/ seating for 96-104 attendees

82" TV Mounted on wall

Exhibit Booths
#1,2,3- 10ft x 10ft Booth
#10,11,12,13,14,15- 8ft x 8ft Booth
#16,17,17,18,19 - 6ft x 6ft Booth
#4,5,6,7,8 - 4ft x 6ft Booth

Each Booth to have
(2) Banquet Chairs
(1) 6ft Table OR (1) Round High Top
(Using Rooms Travis A, B & C)

Beverage Station set up outside room

ABOUT ORGANIZER

PTN Events, a premier organizer of cutting-edge B2B conferences that seamlessly blend business and knowledge. At the forefront of the industry, we curate exclusive gatherings that transcend borders, bringing together a dynamic mix of corporates, governments, associations, industry leaders, and high-net-worth individuals.

Our conferences serve as global forums where industry visionaries converge to explore and navigate the transformative landscape of cutting-edge technologies. As catalysts for innovation, we facilitate robust discussions and collaborations that transcend geographical boundaries.

At PTN Events, we pride ourselves on creating an immersive environment where knowledge flows freely, and connections flourish. Whether you're a corporation seeking strategic partnerships, a government entity exploring policy implications, or a thought leader on the brink of the next big idea, our conferences provide the platform to engage with the pulse of industry evolution.
